Due to current market and supply chain conditions: Regardless of quote expiration date, as of 8/2/21, all commodity pricing (PVC, Copper, Steel, Cast-Iron, Plastic/Poly based products.) is only good from 7-days from the date of quotation or a published manufacturer's price increase, whichever occurs first. For FIXTURES and other non-commodity items, Moore Supply Co. Corpus Christi will ALWAYS hold pricing unless our cost of goods has a documented (via vendor/rep notification) or published manufacturer's increase from the date of quotation. In the case where an increase has been documented or published on items from the date of quotation to the date of purchase order, Moore Supply Co. wholly reserves the right to requote material in good faith. Prices contained in this quote are the prices in effect at the time of quotation, and are subject to change at any time. Seller is not responsible for inaccurate quantity descriptions. Quantities should be checked against plans and specifications for accuracy. Seller is not responsible for delays not within our control. Returned goods must be unused and in their original packaging (which must be in resaleable condition). Special order material is non-cancellable. All returns must be approved by Seller and may be subject to freight, handling and restocking charges. All orders are subject to Seller's [Sales Order Terms and Conditions](#).
